## Education

---

**Tsinghua University, Department of Automation**

PHD STUDENT IN CONTROL SCIENCE AND ENGINEERING

Beijing, China

2019 - 2024

**Xidian University, School of Electronics Engineering**

BACHELOR OF ELECTRONICS AND INFORMATION ENGINEERING

Xi'an, China

2015 - 2019

## Research Interests

---

**Computational Imaging:** Combine optical imaging systems and computer vision algorithms (optimization, deep learning, etc.) to bridge the gap between image acquisition, image processing, and image understanding, and realize a performance boost compared with optics-only or algorithm-only methods. Specifically, I focus on snapshot compressive imaging, coded exposure imaging, low-light imaging, and relevant low-level vision tasks including deblurring, denoising, etc.

## Publications

---

## Honors and Awards

---

**Honors:** Outstanding Bachelor's Thesis of Xidian University (2019), Outstanding Graduate of Xidian University (2019), Outstanding Student of Xidian University (2016, 2017 & 2018)

**Scholarships:** Second-class Scholarship of Tsinghua University(2021, 2022 & 2023), National Scholarship (2017), National Endeavor Scholarship (2016 & 2018), First-class Scholarship for Freshmen (2015).

**Competitions:** Second Prize in the 15-th "Challenge Cup" Technological Innovation Competition (2017), Gold Award and Best Popularity Award in the 3-rd China College Students' "Internet +" Innovation and Entrepreneurship Competition (top 5, 2017), First Prize in Shaanxi Province "FLTRP Cup" English Reading Contest (top 10, 2017)

## Academic Service

---

**Reviewer:** IEEE Transactions on Circuits and Systems for Video Technology (TCSVT), Photonics Research (PR), Optics Express (OE), Optics Letters (OL), The Journal of the Optical Society of America A (JOSA A).
